ABOUT OUR FIRM

MENA LEGAL was founded two decades ago by lawyers who had previously worked for large international law firms, but who preferred to take their skills to a smaller, international boutique firm environment in order to lend a more meaningful and direct impact to the business life of their clients.

At **MENA LEGAL**, all of our matters are assigned to at least one partner/senior lawyer, who is tasked with direct interaction on the issues at-hand and management of the firm's expert services, handled in a smooth, efficient and quality-minded manner, in keeping with the best interests of our clients.

Our clients appreciate our lawyers' many years of hands-on business experience in advising international companies in respect of their investments in Europe, the US, Asia and the Middle East, and in particular the proven "One-Stop-Shop" added-value services **MENA LEGAL** provides through its Swiss Association, **BREXENDORFF & ASSOCIATES (B&A)**, which is made up of lawyers, but also tax experts, finance and business consultants, investment bankers, wealth management service providers, accountants, insurance experts, strategic consultants and recruitment agents.
